Correction Number	CP- 1601
Log Summary: Add Graphic Group Module in Planar MPR VPS	
Name of Standard PS3.3	
Rationale for Correction: A fundamental feature of the Graphic Annotation Module is the ability to group annotation objects (graphics and text) into Graphic Groups. (Note this is a separate feature from "Compound Graphics".) Graphic Groups are identified in the Graphic Groups Module. While Planar MPR Volumetric Presentation State reuses the Graphic Annotation Module from 2D Presentation States, it did not include the Graphic Groups Module. This omission is hereby corrected.	
Correction Wording:	

Amend PS3.3 Section A.80.1.2
